

## Read the ICN Insider

ICN is **BROADBAND STRONG**: Delivering **FLEXIBLE** broadband and **FAST** experiences to meet the growing broadband needs of education, government, public safety, and healthcare in Iowa.

### In This Issue:

- Tackling Cybersecurity with ICN's Network Services Bureau Chief
- Do a Digital Spring Cleaning and Clear Out Cyber Clutter
- For Construction Projects, Call 811 Before You Dig
- Broadband News from Around the Web
- And much more

### Tackling Cybersecurity

Hear ICN's cybersecurity perspective from ICN's Network Services Bureau Chief.

- How has the cyber security landscape shifted?
- What security services are available from ICN?
- Why is it important to strengthen security?
- What does the future look like for cybersecurity?

### Do a Digital Spring Cleaning and Clear Out Cyber Clutter

A few simple steps from the National Cyber Security Alliance and Better Business Bureau will help you stay cyber safe and protect your personal data and identity all year round.

*Information brought to you by the Stop | Think | Connect campaign.*

### For Construction Projects, Call 811 Before You Dig

As summer construction activity is picking up across the State, the ICN reminds all Iowans and contractors to be safe and always call 811 before any construction or digging project. The call is free and Iowa law requires everyone to locate underground utilities before digging.

Know what's **below**.  
**Call** before you dig.
